Orthogonal Bracket - Vertical assembly of two dovetail profiles - For 40mm dovetail profile		10.044.984
Tilt Adjustment Bracket - +/- 8° tilt - For 40mm dovetail profile		10.054.638
40mm Rotational Mounting Bracket - 360° rotation in combination with Rotational Disk - For 40mm dovetail profile		10.040.202
Rotational Disc for 40mm Rotational Bracket - 360° rotation in combination with Rotational Mounting Bracket		10.040.857
Rotational Double Joint - 360° rotation - For 40mm dovetail profile		10.040.860
Repeatable Position Bracket - Accurate re-positioning of camera enclosures - Enables the use of one camera in several positions without re-adjustment - For 40mm dovetail profile		10.044.421
Ground Contact Bracket - 40mm dovetail profile		10.054.960

Product	Image	Order Number
Angle Small - For light mechanical stress - For 40mm dovetail profile		10.044.607
Angle Medium - For medium mechanical stress - For 40mm dovetail profile		10.059.296
Angle Large - For heavy mechanical stress - For 40mm dovetail profile		10.059.297
45° Angle - For medium mechanical stress - For 40mm dovetail profile		10.045.241
Adapter Angle M8 to Dovetail Profile - For heavy mechanical stress - For assembly to T-slot profiles or any other environment with M8 screws - For 40mm dovetail profile		10.045.715
Adapter Angle 3x Dovetail Profile - For heavy mechanical stress - For 40mm dovetail profile		10.045.716
